AJ's Bridge Improvements Ref 13.1: MC reported that Doug Hartley has received a quote of £1,000 (incl. VAT) from AJ Engineering for sufficient material (around 10 metres) to floor the complete length of the bridge. Action closed.	
TT noted that the above constitutes a significant outlay, especially as the bridge may be replaced under the DW Upgrade Project Plan with one more suited to multi-user access. TT suggested that non-slip decking boards may provide a more cost-effective solution. PM noted that Keith Builders Merchants currently have decking boards 'on sale' and proposed that he should investigate the cost of a solution using that material. Agreed unanimously.
